SKILLS

PROGRAMMING
• C
• C++

WEB DEVELOPMENT
• HTML
• CSS

COURSEWORK
• Data Structures
• Algorithms
• Object oriented programming

SOFT SKILLS
• Communication skills
• Team Work
• Problem Solver

PERSONAL PROJECTS

WEB PORTFOLIO | Website | Source Code

- Developed a personal web portfolio showcasing my skills and projects using **HTML**, **CSS**.
- Implemented a responsive design with smooth scrolling and navigation for an optimal user experience.
- Created various mini projects, including a login form, survey form, and more, to demonstrate different web development techniques.
- Implemented smooth scrolling and navigation for a better user experience.
- Hosted online to share with potential employers and collaborators.

PROFILE CARD | Website | Source Code

- Developed a simple and elegant profile card using **HTML** and **CSS**, featuring a flip animation to display additional information on hover.
- Implemented responsive design to ensure optimal display on various devices and screen sizes.
- Integrated interactive icons for coding profiles like LeetCode, GitHub, CodeChef and Mail.
- Hosted online to share with potential employers and collaborators.

CERTIFICATIONS

• Learn C++ Programming - Beginner to Advance - Deep Dive in C++ (Verify @udemy)

• Mastering Data Structures & Algorithms using C and C++ (Verify @udemy)

ACHIEVEMENTS

•Solved 200+ questions on LEETCODE.
•Solved 150+ questions on GFG.
•Rating of 1379 on CodeChef
